THE KOOTENAY ROAD EXPLORATION.—Messrs. Tolmie, Finlay and Barnard, waited upon the Administrator of Government yesterday to suggest the propriety of exploring the Selkirk Range of mountains with a view to the discovery of a pass which may be made available in the construction of a trail or road through British Territory to the rich gold fields of Kootenay. The deputation found the Administrator fully alive to the importance of the work. He expressed himself quite satisfied as to the existence of a practicable natural pass through the range and promised to lay the matter before the Chief Commissioner of Lands and Works. While the Government did not feel itself financially in a position to cut a trail at present, he was of opinion that the proposition to fit out an exploring party would be prevented by no financial obstacle. The Administrator and the gentlemen consulted several maps of the Kootenay country, during the somewhat lengthy conversation that ensued. It is probable that steps will be taken to carry out the objects of the deputation.

THE ENTERTAINMENT AT COLWOOD.—The picnic at Colwood yesterday in honor of the Officers of the French men-of-war lying at Esquimaux, proved a very pleasant affair. Some sixty persons were present, among whom were the Administrator of Government and Mrs. Hauckin, Captains Miot and St. Hilaire, Edye and Mist, Commanders Peyron and Pender, Admiral Cloué, to the regret of all, was unable to attend. A bountiful collation was spread, and after creature comforts had been administered, the company engaged in singing, dancing, etc., until an early hour in the evening. Haynes' band was in attendance. The affair, which was most creditable to all concerned, was entirely impromptu and was arranged by a large number of contributors, among whom were Captain Pender, Mr. and Mrs. Spark, Rev. Frank Gibbels, Wake-man, Esq., and a few naval officers.

BORN OF our contemporaries are out on the subject of the alleged illegal letter-carrying which is still pending in the Police Court. Our morning contemporary, with the indiscretion that usually characterizes his acts and injures the best cause, led off in a philippic upon the prosecuting witness, and the latter, through the columns of his own paper and over his own signature, last evening "states his case" against the defendant. We cannot help thinking that both papers have disregarded a well-known rule in their zeal. They should have awaited a decision in the case before expressing an opinion either way. As they put the case it looks as though they were striving to excite a feeling of sympathy in the mind of the Police Magistrate for their respective "clients" with a view to the conviction or acquittal of the alleged offender.

ISLAND MANUFACTURE.—We were shown yesterday, at the store of Mr. Edg. J. Marvin, a plough and cultivator, manufactured by Spratt & Kremler of the Albion Foundry, of this city. The plough is after the most approved Scotch pattern and the cultivator is a real Yankee labor-saving institution. The implements were shown with a view to combine lightness with strength. This object has been fully attained and the workmanship is of a character that would be creditable to the first manufacturers of the kind in the world. Why should we not manufacture our own agricultural implements?

THE PARK HOTEL.—A memorial to the Bench of Magistrates, praying that the license to sell liquor at the Park Hotel, be refused at the last Licensing Court, be renewed, was in circulation in town yesterday. A number of signatures were attached to the paper. The petitioners base their prayer upon the ground of public convenience and accommodation.

THE DISTRICT REPRESENTATIVE.—We have been appealed to by several of the farmers in the District for information touching the possible time when the writ will be issued for the election of a member of the Legislative Council. It is only fair that due notice should be given that they may have time to select a representative who will support their interests.

PIC-NIC TO THE FRENCH OFFICERS.—A movement is on foot for a pic-nic in honor of the presence among us of the sons of la belle France on l'astree and Lamothe Pquet. It is proposed that this movement shall not be confined to any one class or nationality; but that all shall have an opportunity of joining in a manifestation of respect to the distinguished visitors.

ANGELS AND Ministers of Grace defend us! George Francis Train is on the Hunt and will be here early in the morning. Talk of a Free Port! We suspect our citizens are more likely to want protection. We presume everyone will be prepared to receive him; even the infants will be in arms. Suppose we let Billy Lyons off if he shanghaes him; it would rid us of the monster, and from what we learn of him, he would make an able seaman. Perhaps, after all, it would be better to conciliate him. The worst of it is he'll be here so early in the morning that nobody will be up (for our dispatch informs us that he was at Sehome last night) and our gallant volunteers will be sure to advance that as a good and valid excuse for not defending the city. The only fear is that he'll take the Island in tow to the other side. There's one satisfaction; if he insists on giving us lectures at a dollar a-head, it won't pay; our own gas company are not paying dividends, and his won't burn long in this atmosphere. We think, after all, that Train is more of a talker than a fighter; and we should like to hear one of his unique lectures. Give him a chance. Accompany in Train are Major Tilton, Senator Corbett, Mr. Canfield and Capt. Ainsworth.

THE U. S. S. MOHICAN.—The U. S. Steamer Mohican arrived at Nainaimo on the afternoon of July 7th at half past six, to fill up with coal before proceeding through the inland passages to Sitka. From there she goes to Plover Bay, Siberia, to take observations of the eclipse of the 7th of August. She left San Francisco on the 29th June and arrived off Cape Plattery Tuesday morning, anchoring at Port Angeles on account of the smoke. Her officers are as follows:—Commander, S. R. Franklin; Lieut. Commander, L. Kemble; Masters, Samuel W. Very; D. W. Davis; C. C. Todd; Ensigns, H. B. Mansfield; J. M. Wainwright; R. Rash; Chief Engineer, Philip Inch; Paymaster, J. B. Redfield; Surgeon, F. E. Potter; First Lieut. Marines, G. M. Welles; Assistant Surgeon, J. E. Gillespie; Midshipmen, Tremaine; W. Doty; W. H. Beecher; T. H. Stevens; E. Prima; Engineers, C. H. Greenleaf; J. H. Chasmar; F. W. Townrow; J. Godfrey; Captain's Clerk, Richard Baker; Boatwain, J. T. Choate; Gunner, Grainger; Carpenter, J. P. Carter; Sailmaker, T. O. Fassett. Passengers—Professors Asaph Hall, J. A. Rogers. Pilot to Sitka, Captain George.

THERE is every probability of a rise in the price of breadstuffs in the markets of this coast. This year in the spring wheat was so low that it scarcely paid for sacking. The drought in California and Oregon, and the wet weather in the East have had a disastrous effect on this year's crops; and now we learn there is a likelihood of a scarcity in Europe.

SENT IN.—James McGillivray, a notorious vagrant and stalwart beggar, was yesterday sent to the chain-gang by the Police Magistrate for three months. The exercise will do him good.

A SETTLER was brought in yesterday from the District with a broken leg accidentally sustained. He was received into the Royal Hospital for treatment.

FIREARM ACCIDENT.—A son of Mr. J. Partridge had his hand injured on Thursday evening, while attempting to draw a charge from a gun.

THE Enterprise sailed for New Westminster at 10 a.m. yesterday morning. She carried about 20 passengers, among whom were Sir James Douglas, Miss Douglas and Hon. P. O'Reilly. She took up a fair freight.

The forest fire at Albert Head raged with great fury until within about fifteen feet of the long bridge when, by great good fortune, it was arrested.

The wire "talked" last evening for the first time in a week. The fires appear to have subsided on the Sound.

The steamships G. S. Wright and Guadalupe will be due here to-day.

The steamship Active sails Monday from San Francisco for Victoria and Sitka.

The French Frigate.

EDITOR BRITISH COLONIST:—How is it that some of our leading citizens, whom the kindly feeling they naturally experience upon seeing for the first time a portion of the French naval forces in our waters, in the true sense which actuates them as allies and wishing to greet them in a fraternal manner, should be denied admittance on board and be asked what they wanted when they ascended the side of l'astree? I am sure this line of conduct is not carrying out the spirit of the French people, and if the attention of the Admiral be called to it, that a sharp rebuke will be administered to the offenders. Respectfully,

AN AGGRIEVED ONE.

[We are sure our correspondent is laboring under some error, either arising from a want of acquaintance with the French language, or from some other cause. The French are proverbial for politeness; and that an insult has been wilfully offered we cannot believe.—Ed. Col.]

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DISPATCHES.

Eastern States.

NEW YORK, July 4th.—It is reported that the instructions of the new Captain General De Roda are to carry out the policy of Dulce—that of conciliation—positively to control the volunteers, and maintain the supremacy of Spain, and that orders have been issued to prevent such atrocities as have recently been committed by Lesca. The effect of this policy upon the Volunteers has been to produce dissensions throughout the entire organization. Volunteers who have given in their adhesion to De Roda's administration are denounced as traitors.

RICHMOND, July 6.—The elections passed off quietly. Walker's conservative majority will probably be 40,000, with a majority in the Legislature.

CHICAGO, July 7.—The Republican's special from Washington says a strong party is on foot to make Secretary Boutwell the next President.

Canada.

TORONTO, July 6.—The shareholders of the Royal Canadian Bank held a meeting and elected an entirely new Board of Directors.

Prince Arthur leaves England for Halifax on the 14th instant.

Europe.

LONDON, July 6.—There is an unusual depression in the cotton market in Lancashire. Several firms have suspended. Dispatches from Cork state that outrages by the Fenian organizations still continue. The police near Cork were attacked night before last by concealed ruffians, and several were badly hurt. Some arrests were made yesterday, on suspicion.

The Cork Common Council yesterday passed a resolution calling on the Government to release the Fenian prisoners. A monster meeting was held yesterday. Speeches were made and resolutions passed against Sullivan's resolutions touching the release of the Fenians.

The Times has an editorial on the subject of the anniversary of American independence. The writer says the Americans now feel that they can speak of themselves and of their neighbors in a calm and dignified tone without treating of the old time. We may expect that most of the old acrimony will vanish. The American people ought to be in a friendly spirit after their monster peace jubilee. Such a prodigious demonstration in favor of peace, such a condemnation of strife, ought to have a softening effect on the most strenuous supporter of the Alabama claims.

Up to Sunday noon the Great Eastern had made 1264 knots from Brest, and paid out 1420 knots of cable.

The fourth was celebrated in the principal cities of Europe.

MADRID, July 3.—The silence which has been maintained concerning General Dulce's report, and his administration of state affairs in Cuba causes much anxiety.

A Republican manifesto has been published in Seville. Its publication was simultaneous with the departure from that city of a party of Republicans numbering 1000. It is rumored they have gone to Portugal, and will re-enter Spain through Estremadura. Troops have been sent in pursuit. A number of Carlists have been arrested.

LONDON, July 7.—The Times has an article on the Irish Church Bill. It says the Bill must become a law. This session of Parliament must destroy Protestant supremacy and establish religious equality in Ireland; but not attempt to set up a multiplicity of establishments. If ecclesiastical property in Ireland is to be put on a permanent footing we must recognize these facts and apply so much surplus as may be necessary to support homesteads for the Ministers.

The House of Lords last night resumed consideration of the Irish Church Bill. Lord Clifford was afraid of the amendment granting the value of the lands to Presbyterians. After considerable discussion it was withdrawn and the Archbishop of Canterbury moved an amendment to clause 29 that private endowments made since 1560 instead of 1660 be retained by the Church. He pointed out large endowments, which were made prior to 1660, and said there was no reason why they should not be dealt with in the same manner as those made after. He thought the discrimination unjust and dangerous; it would shake the faith of the people in private endowments. Lord Hartley opposed the amendment on the ground that private endowments made prior to 1660 were purely inimical in reference to the Ulster Grant. He said it was in no sense a present amendment. Bishop Peters supported the amendment, arguing that neither on the ground of justice or legal right, ought

the Church to be deprived of those real endowments. Earl Granville proposed to grant a half million sterling instead, as the difficulty of establishing the legality of early endowments would absorb the whole value in litigation. Finally the Archbishop of Canterbury moved the amendment that all government lands granted by the Crown since 1660 be given to the new Church in a body. After a long discussion a division was had and the amendment was carried by 105 to 55. Clauses 30 and 32 inclusive were agreed to. Clause 33 was taken up; Earl Limerick moved an amendment providing that the poor rates be deducted from any rent charge sold in lieu of tithes. The Marquis of Salisbury remarked that this clause was an arithmetical puzzle and was evidently intended as a sop to the Irish landlords; but the bill was the most penurious and exacting measure ever devised. The House divided on the Marquis of Limerick's amendment, which was adopted by 91 to 54. Clause 33 as amended and clauses 34 to 38 inclusive were agreed to.

The trial of Overend, Gurney and others has been postponed until December.

MADRID, July 6.—Conflicts have taken place at Seville between the troops and revolutionists. The latter have been dispersed and the city is comparatively quiet, though the excitement is intense. A number of torpedoes were found among the coal at the gas works at Esperito. There were a large number of Republican demonstrations throughout Catalonia yesterday and the day before. Ferrara was shot at twice, and has since been appointed Minister of Justice and will sail for Rio at once.

Lisbon, July 6.—

Advices from Rio Janeiro of June 10th, say the war news is unimportant; Minister McMahon is at Buenos Ayres and will sail for Rio at once.

Oregon.

PORTLAND, July 9.—The Fourth was celebrated in this city generally in grand style exceeding anything ever before seen in Oregon. A procession paraded the streets and thence to the place provided for exercises. Every one was highly pleased with the oration of Geo. Francis Train. His allusion to the great future of Oregon was loudly applauded. A regatta for a fifty dollar silver cup, and the laying of the corner-stone of the Odd Fellows temple in the afternoon, and a fine display of fireworks in the evening, closing with a magnificent representation of the Pacific Railroad and Atlantic cable.

The steamers Wright and Telfair sailed at six last evening.

Work has been resumed on the East side of Oregon Central Railroad. It is expected twenty miles will be in running order by January first.

The steamer Pacific sailed for San Francisco on Wednesday evening, and the Oriflamme sailed from San Francisco for Portland yesterday. George Francis Train left for the Sound and Victoria overland yesterday.

Miss Burdett Coutts.

The following sketch of Miss Burdett Coutts, so celebrated for her benevolence, and who set out a number of emigrants to Canada a year or two since, lately appeared in the Boston Traveller:

Thirty-two years since, when the Duchess of St. Albans died—(she that was Miss Melton, and then old Tom Coutts's mistress, and then his wife), she left the splendid fortune she had received from her first husband to his youngest grand-daughter, Miss Angela Georgiana Burdett, daughter of the once famous but now forgotten Sir Francis Burdett, whose wife was a daughter of the great banker. This arrangement must have greatly disappointed the young Duke of St. Albans, who had married the old lady for her splendid pile of tin, and then after getting her didn't get "de monish" which he thought he had wedded indissolubly, but from which his wife divorced him. The condition was that Miss Burdett should take her maternal grandfather's name, whence she is Miss Burdett Coutts. She is an admirable woman, and having the sense to remain single she does an immense amount of good with her money. Had she married, probably her magnificent annual income—which cannot be less than a million of golden dollars—would have been worse than wasted on horse-racing, and even on worse pursuits than that. She used to have, and we dare say she still has, magnificent jewels. Thomas More, in his diary (May, 1845), mentions the dress she wore at the Queen's ball, saying:—"Next day I called at Miss Coutts, whom I had seen in all her splendours the night before, and found her prepared to send it all back to the bank. 'Would you like, said she, to see it by daylight?'—and on my assenting, took me to a room up stairs, where the treasure was deposited. Among it was the famous tiara of Marie Antoinette; and on my asking her what altogether might be the value of her dress last night, she answered in her quiet way, 'I think about a hundred thousand pounds.' 'Think of that ladies,—a dress worth a half million of dollars in 1845, and which would cost at least a million in greenbacks in 1869! But not the less will shroud take its place some day or other, when the final order night shall fall upon its owner. The lady completed her fifty-fifth year on Sunday, April 25th.

The New Mayor of Cork.

Mr. O'Sullivan's successor, Alderman Hegarty, was sworn in on Saturday, May 22nd, and entered on his duties as Mayor. This gentleman is a Moderate Liberal in politics, and Mr. O'Sullivan is said to have earned for himself the hearty detestation of many of his former supporters by voting for him instead of the "Nationalist" candidate, Mr. Nagle.

The following additional particulars concerning the election of the new Mayor are furnished by a correspondent: The election was then proceeded with, and resulted as you have already learned, in favour of Alderman Hegarty, a Moderate Liberal, who defeated the Nationalist candidate, Mr. Nagle, by a large majority. Mr. Nagle who was the popular favorite, was loudly cheered by the crowd. He explained that his principles were Democratic Liberal, and declared himself in favor of domestic legislation. The ex-Mayor voted for Mr. Hegarty, and was immediately turned upon and denounced as a traitor. One of the local journals gives the following description of the closing scene: The crowd—Mr. Dominick O'Mahony occupying a prominent position—here rushed at the ex-Mayor very excitedly; and asked him did he vote for Mr. Hegarty?

The ex-Mayor, who appeared totally unprepared for such an exhibition of popular feeling, was unable to answer the question for some moments.

Mr. Nagle here interposed for the protection of the ex-Mayor, and endeavored to appease the people.

Mr. Dominick O'Mahony—You degraded yourself; you brought your office into degradation. (Cheers and uproar.)

The ex-Mayor—I voted according to my (Great hissing.)

One of the crowd, who assumed a most menacing attitude towards the ex-Mayor, shaking his fist in his face—You were put into a position by the people, and you betrayed them. (Great cheering.) You sold the country. [Applause.]

The ex-Mayor—I did not, I—[Cries of shut up, you traitor!]

Mr. O'Mahony—You degraded the position, sir. [Cheers.]

The ex-Mayor—I voted as my principle dictated. [Cries of "to hell with you" and fearful commotion.]

At this juncture Mr. Nagle, Mr. O'Sullivan and other gentlemen interposed on behalf of the ex-Mayor, and endeavored to get that gentleman to leave the Court House.

The ex-Mayor—Let me tell them [Cries of "We won't hear you, you informer,"]

A Voice—Ah, Dan, why did you vote for leather belly?

Another Voice—"We'll stick Hegarty in the tan-hole." [Laughter.]

The ex-Mayor—I am an Alderman of a ward.—[Uproar.]

A Voice—"You ought to be a Ward in Chancery, you idiot." [Laughter and applause.]

Another voice, "You will go out the next time, Dan." [Cheers.]

The scene became so turbulent that the whole Council withdrew to an adjoining room, but the crowd followed Mr. O'Sullivan in so excited a manner, that it required all the influence which his friends possessed to shield him from the violence of his former admirers. There was a large body of police in the hall of the Court, but their services were not required, as the indignation of the mob, although very fierce, did not extend beyond menaces and abuse.

Waits in the Royal Household.

Many of the "Waits," such as the Mistresses of the Robes and others, change when the Ministry changes—anything but a pleasant arrangement for the Sovereign, one would say. The Duchess of Argyll is the present Mistress of the Robes: the salary attached to the office is £500 a year. In Queen Anne's time it was held conjointly with the somewhat incongruous one of Groom of the Stole. The famous Sarah, Duchess of Marlborough, held both these. The Mistress of the Robes is the highest female attendant about the Queen, and all the others are under her authority. In all ceremonial she rides in the same carriage as the Queen and on State occasions she has to attend to the robing of her Majesty. The late lamented Duchess of Sutherland was one of the most notable women of high rank who had held this office during the present reign. The Ladies of the Bedchamber are personal attendants of the Queen, with a salary of £500 each. There are eight of them, who in turn, two at a time, take up their residence at the palace for a fixed period. Henrietta, Countess of Suffolk, gives a lively account of their duties in her day—how they had to be with the Queen before her prayers and before she was dressed, in order to hand her things one by one to the bedchamber women, even holding the basin which a page of the backstairs had set down on a table, while their royal mistress washed her hands. The bedchamber women are subordinate to these; they are also eight in number, and receive £300 a year. The Mistresses of Honor are eight in number, too; they also attend at the palace in rotation with a salary of £400. All these appointments are held by women of rank and position. Maids of honor are always styled "honorable" by courtesy, even if not entitled to the prefix by right of birth. The Lords in waiting have £702 a year; the Grooms in waiting £335 10s; they also attend in rotation. The Chief Equerry gets £1,000 a year, the others £750. They are supposed to preside over the stable department, to attend Her Majesty out of doors on horseback, and are present on all State occasions. The Pages of Honor receive £200 a year, and subsequently obtain a commission in the Guards. They also attend on the Sovereign. This office is no doubt a remnant of old days, when the youths of noble families served in the houses of men of rank as a kind of preliminary step to knighthood.

A SPECIES OF CHILD MURDER.—Many of our exchanges are raising a voice of warning to mothers against the too prevalent practice of pushing carriages along the streets with infant children riding backwards. Physicians say that this practice hurts the eye-sight of children, and affects the brain; and cases have been known where it has produced insanity and death. If you value the health and comfort of your little ones, get them a carriage in which they can ride naturally and enjoy it.

AN INCIDENT!

"Ah! me, it is withered!" cried a maiden sighing over her dead bouquet; but remembering her fiasco of true MURRAY & LANMAN'S FLORIDA WATER, she sprinkled her handkerchief with that indestructible perfume, and was consoled.

As there are counterfeits, buyers should always ask for the Florida Water prepared by the sole proprietors, Lanman & Kemp, New York.

HOLLOWAY'S OINTMENT AND PILLS.—Old Wounds, Sores, and Ulcers.—Daily experience confirms the fact which has triumphed over opposition for thirty years—viz, that no means are known equal to Holloway's remedies for curing bad legs, sores, wounds, diseases of the skin, erysipelas, abscesses, burns, scalds, and, in truth, all cases where the skin is broken. To cure these infirmities quickly is of primary importance, as the compulsory confinement indoors weakens the general health. The ready means of cure are found in Holloway's Ointment and Pills, which heal the sores and expel their cause. In the very worst cases, the Ointment has succeeded in affecting a perfect cure after every other means has failed of giving any relief. Desperate cases bear display its virtues.

Hardly is there a disorder affecting mankind which is more relentless or dreadful in its effects than that which bears the curse of him who says: "I will visit the iniquities of the fathers upon the children, etc." Insidious in its approaches, it hangs with fatal tenacity upon its victims, and consumes slowly but surely the organs it attacks and finally destroys life itself. Nothing else more indisputably proves the great renovating powers of Dr. Walker's Vegetable Vinegar Bitters, than the cures it has made. No other medicine could so effectually purge out from the blood, this inveterate and deep-seated disease.

Medical.

French Medicines.
PREPARED BY
GRIMAULT & CO.
Chemists to H.H. Prince Napoleon
PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quick medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as being the most efficacious, as they are applicable only to a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone examination by the Academy of Medicine and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee for the excellence of Messrs. Grimault & Co.'s medicines.

DOCTOR LERAS'
(Doctor of Medicine.)
LIQUID PHOSPHATE OF IRON.
The newest and most esteemed medicine in cases of: Chlorosis, Palsy in the Stomach, Difficult Digestion, Diarrhoea, Anemia, General Debility and Poor Blood.
It is particularly recommended to regulate the functions of nature, and to all ladies of delicate constitution, as well as to persons suffering under every kind of debility, or in the recovery of health after protracted illness, in all warm and relaxing climates.

NO MORE COD LIVER OIL!
Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospital of Paris. It is a perfect substitute for Cod Liver Oil and has been found most beneficial in Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Scurvy, Muscular Atrophy, and Loss of Appetite. It restores the constitution in purifying the blood, it being the most powerful depurative known. It has also been applied with happy results in Diseases of the Skin. Further, it will be found to be of great benefit to young children subject to Hemorrhoids and Obstructions of the Glands.

CONSUMPTION CURED!
Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of Consumption and other diseases of the Lungs. It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health. N.B.—Be sure to see that the signature of Grimault & Co. is affixed to the bottle, as this Syrup is liable to imitations.

MORE DIFFICULT OR PAINFUL DIGESTION!
DR BURIN DU BUISSON'S

DIGESTIVE LOZENGES
This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as:
Gastritis, Gastralgia, Long and Laborious Digestion, Wind in the Stomach and Bowels, Emaciation, Jaundice, and Complaints of the Liver & Lungs.

NERVOUS HEADACHE
NEURALGIA,
DIARRHOEA, DYSENTERY,
INSTANTLY CURED BY
Grimault's Guarana.

This vegetable substance, which grows in the Brazil, has been employed since time immemorial to cure inflammation of the bowels. It has proved to be of the greatest service in cases of Cholera, as it is a preventive and a cure in cases of Diarrhoea.

GRIMAULT & Co.'s
Syrup of Ferruginous Peruvian Bark.
Chemists to H. H. Prince Napoleon, 43 rue Richelieu, Paris.
This preparation has the great advantage of combining two most powerful tonics known in the medical world. It perfectly purifies and agrees with the system, is taken with pleasure and suits the most delicate stomachs. It is par excellence the FERRUGINOUS TONIC which should be administered to ladies of delicate constitution, and persons backward in attaining the age of puberty, and to children of a weak constitution, and is particularly employed in the treatment of Chlorosis, Anemia, Pale Complexion, Gastritis, Gastralgia, Whites, Leucorrhoea, Debility, Want of Appetite, Poverty of Blood, &c.

GRIMAULT'S ELIXIR OF PEPSEINE.
Pepsine undergoes no alteration in this delicious preparation. It will consequently be preferred to Pepsine Powders or Pills. It is the digestive medicine par excellence and is at the same time a most agreeable table liqueur.
Messrs. Grimault beg to call the attention of the Faculty and the public in general to the fact that cod pepsine is prepared in France alone. It is far superior to all others often extracted from the stomach of porci.

NO MORE COPAIBA OR CUBEBS!
Grimault's apsul es and Liquid Extract of Matico Vegetalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cures of dysuria and chronic cases of private disease. They are used in the hospitals of Paris by the celebrated Dr. Ricord, and found greatly superior to all other known mineral remedies and Copaiba and Cubebs. The injection is used in recent, and capsules in more chronic cases.

SYRUP AND LOZENGES OF SAP OF SEA PINE.
Prepared by LAGASSE, Chemist, at Bordeaux, possesses the Balsamic and Resinous Properties of the Sea Pine. It is employed with success against affections of the Chest, Cold, Bronchitis, Catarrh, Asthma, Influenza, Hooping Cough, &c.

TO THE UNFORTUNATE
NEW REMEDIES, NEW REMEDIES.
Dr Gibbon's Dispensary,
623 KERNAN STREET, CORNER
of Commercial and San Francisco, established in 1844, for the treatment of Sexual and venereal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc. Skin diseases (of years standing) and Licerate Legs successfully treated.
Dr Gibbon has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Berlin, London, and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High Street, Borough; St. Bartholomew's, Smithfield; St. Luke's, Old Street; St. Mary's, Grafton Place, Pall Mall; Lock, Harrow Road; University, Lower Street; Westminster, Broad Sanctuary; Charing Cross, Agar Street; Strand; London; Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portland Street.
Dr Gibbon has shared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.
Horrible Diseases.
How many thousands of persons, both male and female are there who are suffering from a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pale, emaciated and disfigured faces, and their broken frames constituting, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrible situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering from any of these horrible, life-destroying maladies—see that they are cured, and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years, who is anxious to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who pretend to cure, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of other physicians from European other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Special Weakness.
Semen's "Mission" the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes, to an almost unlimited extent, producing, with merrit, the following train of morbid symptoms, unless combated by scientific medical measures, viz.: Sallow complexion, dark spots under the eyes, pain in the head, ringing in the ears, loss of the power of seeing, loss of the power of hearing, loss of vision, blurred sight, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shut society, loss of memory, hectic flushes, pimples and various eruptions about the face, forced tongue, field breath, coughs, consumption, night sweats, menorrhagia and frequent insanity. If relief be not obtained, it will apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactory to him that he was cured of this complaint by either of the San Francisco quacks.
MARRIED MEN.
Of those who contemplate marriage, who are suffering from any of these fearful maladies, should not forget the sacred responsibility resting upon them not to delay to obtain immediate relief.
Dr Gibbon is responsible, and will give to each patient a written guarantee, and a permanent cure, or make no charge.
Cured at Home.
Persons at a distance may be CURED AT HOME, by enclosing a letter to Dr Gibbon, stating the case, symptoms, length of time, etc. The case, has continued, and have medicine promptly forwarded, free from charge, and courtesy to any part of the country, with full and plain directions or use. By enclosing \$10 in currency or \$10 in gold, in a registered letter through the Post Office or through Wells, Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast. Address J. F. Gibbon, 623 Kernan Street, corner Commercial and San Francisco—Post office box 262.
Private Entrance on Commercial Street—623.
Consultations FREE.
Correspondents will please inform Dr Gibbon that they read his advertisement in the British Colonist.
